

Suggested Kit:

We'll provide all the specialist equipment for going on the water including a spray jacket. Make sure that your child is dressed appropriately for the weather, you might want to consider the following:

- Shorts or trousers
- T-shirt or fleece
- Waterproofs
- Wetsuit (strongly advised for paddleboarding)
- Trainers or water shoes
- Sun cream

Clothing should be light and shoes appropriate for walking down to the river in. Jeans get heavy when wet and crocs/ flip flops tend to float away so should be avoided.

Please help us by making sure that your child comes ready to go on the water. They will also need a towel and a full change of clothes (incl. shoes) for after their session.

How to Find Us:

From Yarm Road turn onto Butts Lane and continue to the School/Church. Park here and walk to the meeting point on the village green (TS16 9DG).

If you wish to stay and watch you MUST stay for the full duration of the session.

Depending upon traffic conditions it can take up to 20 minutes extra to get through Yarm High Street.
